RE: FAA settlement June 7th, 2007; Permanent File # 590327/Ravalli County Settlement Agreement

Dear Steve;

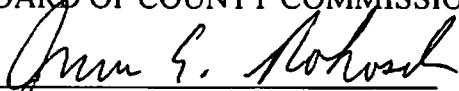

North Star Aviation has lease of the following tie down areas: 14, 15, 16, 17, 22, 23, 24 and 25. Your lease area is for your planes. You must fill your lease tie down spots prior to moving any aircraft to other Ravalli County spots. By filling the Ravalli County spots first, you are taking potential revenue away from the airport.

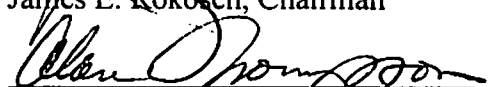

There will be no parking of aircraft in the ramp movement area (formerly known as taxi way) for more than 1 hour for loading or unloading. Overflow parking has been identified to the South of North Star's leased tie down area.

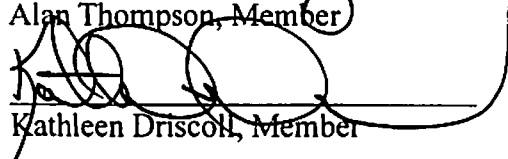

In regard to your employee parking you must provide parking areas for them and not in front of Jerry Simpson's hangar (#510). Those employees can park in the grass across the street from North Star Aviation or in front of the building.

Within the next two weeks we will have a schedule of fines for those utilizing parking spaces that do not belong to them or are parking in spaces that are unauthorized.

Sincerely,
BOARD OF COUNTY COMMISSIONERS
